**PETITION UNDER 37 C.F.R. § 1.181(a) FOR WITHDRAWAL OF HOLDING OF  
ABANDONMENT**

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Sir:

Applicants respectfully request withdrawal of the holding of abandonment in connection with the above-identified application. The facts in support of this petition are set forth below.

A Notice of Abandonment was mailed September 14, 2006. The Notice states that a reply to an Office Action mailed March 1, 2006 was not filed. However, the aforementioned March 1, 2006 Office Action was never received at our office. Indeed, a review of the information set forth in the Patent Office's PAIR and IFW system for this application indicates that such Office Action was returned to the Patent Office on March 7, 2006 as undelivered. A copy of the returned envelope is attached.

The undersigned hereby states that Office Action mailed March 1, 2006 was not received. The undersigned has reviewed the file wrapper for this application and confirms that there is no Office Action bearing a mail date of March 1, 2006. In

addition, the undersigned has checked the docket records for June 1, 2006, the three month date for which the response to the Office Action would have been docketed had the Office Action mailed March 1, 2006 been received, and there is no entry for this application.

Accompanying this Petition is a copy of the firm's docket record for June 1, 2006. A review of the docket record confirms that in fact there is no entry for this application. To maintain client confidences and avoid the disclosure of confidential information, certain information has been deleted from the accompanying copy of the firm's docket record for June 1, 2006. Sufficient information has been retained on the docket record to permit independent verification that an entry for this application file does not exist.

For informational purposes, the column designated "Reference#" on the docket record refers to the attorney docket number (typically a seven digit number followed by a six digit number) assigned by the firm to a particular application/matter. The last six digits of the attorney docket number have been retained to permit confirmation that the docket record lacks an entry for this application; the attorney docket number for this application is 100409-000066.

The column designated "REG/SERIAL" on the docket record refers to the registration number or serial number assigned to a particular matter. Once again, the last several digits of the registration/serial number have been retained to permit confirmation that the docket record lacks an entry for this application.

In light of the foregoing, withdrawal of the holding of abandonment and issuance of a new Office Action are respectfully requested.

Should any questions arise in connection with this Petition or any other aspect of this application, the undersigned respectfully requests that he be contacted at the number indicated below.

Respectfully submitted,

BUCHANAN INGERSOLL & ROONEY PC
